## Summary

As a self-taught web developer with expertise in JavaScript, HTML, CSS and React, I am passionate about creating engaging and intuitive digital experiences. Through hands-on experience and ongoing self-directed learning, I have honed my skills in front-end development, including responsive design, cross-browser compatibility, and modern web technologies.

## Technical Skills

- Front end development - JavaScript, HTML, CSS and React
- Back end Development- Express, Node.js, REST APIs
- Database- MongoDB

## Awards

- Chinese Government Scholarship (2019)

**Languages:** Native Level Proficiency - English, Mandarin, Igbo

## Experience

### JB HI-FI

#### Salesperson

Sep 2022 - Present(7 months)

**KPIs:** As a sales person at JB HI-FI, I meet weekly KPIs related to sales targets and on multiple occasions have successfully achieved a three-fold increase in sales targets surpassing expectations.

**Client communication:** Through active listening and effective communication, I build rapport with clients and create a positive sales experience.

**Fast Learner:** In just 7 months, I have deepened my understanding of our product offerings and have become an expert in our top selling categories.

**Academe (International Education Consulting Firm)**

**Project Support Officer**

Sep 2021 - Jan 2022 (5 months)

- Provided translation and interpretation between Chinese and English
