PROFESSIONAL EXPERIENCE

BIRDLIFE AUSTRALIA | FULLTIME

Nov 2023 – Present

ICT DEVELOPER

- Developed custom front-end pages using LWC (Lightning Web Components), and JavaScript to enhance the user interface, improving user engagement by 25%.
- Improved user experience by optimising web pages for faster load times and responsiveness, ensuring seamless performance across devices.
- Assisted with the integration of Salesforce and WordPress, ensuring seamless data exchange between the two platforms, improving data accuracy by 20%.
- Customised the Wordpress theme using PHP to add new front-end functionality, improving site navigation and increasing user interaction. Used Git for version control and GitHub Actions for automated deployments.
- Utilised Docker to test and refine front-end code in a local environment before merging changes into production, ensuring smooth integration and minimal downtime.

PETPACK AUSTRALIA | FULLTIME

May 2023 – Nov 2023

WEB DEVELOPER

- Worked with a digital marketing agency with over 300 clients, specializing in building software solutions for veterinary clinics.
- Implemented SEO strategies which enhanced organic traffic and keyword rankings for our clients by 15%.
- Helped clients troubleshoot problems and communicated complex solutions in simple terms to non-technical clients.
